

Triple Glide Latex AV Liners for Reproductive Semen Collection Success. Triple Glide Latex AV Liners provide high-quality Artificial Vagina (AV) Liners designed specifically for equine, bovine, ovine and canine semen collection.

Whether you're running a breeding farm, veterinary clinic, or equine reproduction facility, our AV liners offer the comfort, durability, and hygiene standards professionals demand.

"Great new product, it's a lot more functional with the new improved feel"
Dr Ian McLeod
Hamilton, VIC

Extended cone

Improved bead, won't slip in thrust motion

Smaller end so the bottle doesn't fall off during collection

Updates compared to other products: Extended cone - room for the "glans penis" to erect and retract without discomfort. Tighter bottle holder - no need to use rubber bands to attach the collection bottles.

What the customers are saying about Triple Glide Latex AV Liners

BOVINE
Yarn and Ann-Maree from Nationwide Artificial Breeders love their new Quarter Ribbed AV Liner for the bull collections.

RAM/OVINE
"We use the new Triple Glide Latex AV Liners, we wouldn't switch to anything else" - Brian and Savanagh from Hamilton Genetics.

CANINE
Doncaster vet clinic have their Canine AV liner set up ready for collection.

EQUINE
"These liners are like putting on a new pair of shoes that last" - Brian Smith, Equine Services - Sunshine Coast.
